Description

The Jasic MIG 350 Compact is equipped with powerful IGBT components, digital A/V display, 4-roll wire feed and multi process capabilities.

The inverter offers excellent welding characteristics and consistently reliable performance for highly demanding and repetitive weld cycles.

This high quality three-phase machine delivers an impressive 350 amps at 40% duty cycle, making the MIG 350 an excellent choice for medium to heavy duty fabrication work.

Features

- Multi function Inverter: MIG, MMA and gasless, Flux Cored, Lift Arc TIG
- High Duty Cycle
- Advanced control circuitry
- 4 Roll Wire Feed Drive
- Digital A/V display
- High duty cycle
- Suitable for 0.8/1.0/1.2mm wires
- Stable and reliable welding arc with minimal spatter
- Burn back control
- Wire Inching Feature
- Spool Gun interface

- VRD on MMA Setting

5 Years commercial warranty as standard

Specification

Field	Detail
Model Code	JM-350C
Input Voltage 50hz	415V
Max. Welding Input Kva	15
Secondary no load voltage	65
Current Range	MIG 50-350 MMA 20-350
Duty cycle	350A @ 40%
Spool Size Max	300mm
Insulation	F
Protection	IP21
Packed Dimensions (HxWxL) mm	900 x 400 x 670
Weight (Kgs)	54

Carriage Free UK Mainland.
